AHEPA Educational Foundation Announces
Constantine and Patricia Mavroyannis Scholarship
2022-2023

April, 2022

AHEPA Educational Foundation Chairman George Vorkas, on behalf of Supreme President Kokotas, is pleased to announce its continued partnership with the Mavroyannis Family to offer the Constantine and Patricia Mavroyannis Scholarship.

The Constantine and Patricia Mavroyannis Scholarship is open to graduate students who are either Greek or of Greek heritage and are enrolled in a PhD program in either theoretical physics or physical chemistry in the Faculty of Science at a North American university. The scholarship is in the amount of $5,000 and will be awarded in the fall semester.

Thanks to the generosity of Dr. Constantine and Mrs. Patricia Mavroyannis, this scholarship recognizes scholastic achievement and an interest and commitment to studying theoretical physics or physical chemistry by providing financial assistance to Hellenic graduate students to pursue their studies in these fields.

The purpose of the Constantine and Patricia Mavroyannis Scholarship is to recognize the importance of education – specifically, to reward and encourage educational achievement by Hellenes in the fields of physics and chemistry and thereby support Hellenic contribution to the global scientific community. The scholarship honors the life and accomplishments of Dr. Constantine Mavroyannis, an internationally renowned career theoretical physicist with the National Research Council of Canada, and his wife Patricia.

Supreme President Jimmy Kokotas stated “We are proud to be able to continue our partnership with the Mavroyannis Family and assist in providing this wonderful gift to students who qualify. We thank all of our members for their staunch support of education”.

Since its inception the scholarship has been awarded to 23 recipients. Application requirements and coversheet are attached below.
Requirements for the AHEPA Educational Foundation
Constantine and Patricia Mavroyannis Scholarship

• Student must be currently enrolled in a PhD program in either theoretical physics or physical chemistry in the Faculty of Science at a U.S. or Canadian university

• Student must be either of Greek descent or a citizen of Greece

• Completed application (see attached)

• Additional materials that must accompany application include (a) current transcript, (b) résumé, (c) a 250 word statement that details a current research project, (d) a 250 word statement about what your Greek heritage means to you, and (e) two letters of recommendation from Professors in the Faculty of Science of the university in which the student is enrolled.

• Letters and applications should be emailed to Dr. Jenny Kellogg at jkellogg@ahepa.org
Materials may come separately but must bear the complete name of the applicant.

• Applicants may also be asked to participate in a brief Zoom interview with the selection committee.

**Deadline for scholarship applications and all application materials is June 15, 2022.** Students will be notified by Friday, September 2, 2022. For more information, or to apply, contact Jenny Kellogg at jkellogg@ahepa.org

• Scholarship winners **will be required** to submit an up to 250-word status update on their educational progress within 30 days of the end of the scholastic year in which they receive the award. This update should be emailed to Jenny Kellogg at jkellogg@ahepa.org

• Applicants from prior years may reapply.
